

MOB WRECKS FOUR SPRINGFIELD CARS

Rioters Attack Railway Headquarters Intent On Wrecking It

SOLDIERS DISPERSE MOB

SPRINGFIELD, Ill., Sept. 3.—Charging at the rioters with fixed bayonets Companies F and G, Ninth Illinois Infantry, tonight shortly before 11 o'clock dispersed a mob of more than 1,000 street car strike sympathizers who had half an hour before wrecked four street cars and were then attacking the headquarters of the railway company intent on wrecking and ransacking the building. Dispersed by the soldiers from the corner in the main business section where the car had been attacked, the mob headed for the offices of the street railway company and the Springfield Gas & Electric company, a subsidiary. Six soldiers on guard at the building held the crowd in check for some time, but the bolder ones in the mob finally started hurling bricks at the plate glass windows, riddling the front of the building.

Form Cordon Before Entrance.
Powerless before the mob, the handful of soldiers contented themselves with forming a cordon before the entrance leading upstairs where it was said some of the officers of the company were at the time. Word had been sent for reinforcements and until they arrived no attempt was made to interfere with the rioters, who by this time had started ransacking the display windows of electrical supplies.

The reinforcements caught the mob unawares and as the soldiers charged down on them, using bayonets and the butts of their guns, the rioters fled in confusion, a few of them who resisted being overrun and trampled on by the troopers. One man, name unknown, was severely bayoneted in the arm but no one was seriously injured. No shots were fired by the soldiers.

Rain Aids Soldiers.
More soldiers rushed to the scene aided in driving the mob back for a block from the headquarters of the company, where a line was formed across the street to prevent their return. A steady rain beginning at this time aided in dispersing the crowd.

Half an hour before their attack on the company offices, the mob, which was composed largely of labor union men who had returned at 9:25 o'clock on a special train from Bloomington where they had been participating in the Labor Day celebration, took the motorman and conductor from two street cars coming from opposite directions, and turned the cars loose at full speed, letting them crash together. A third car was then sent into the pile up. A fourth car was turned loose and wrecked on a curve two blocks away and two others allowed to come together in the north part of the city. Seventeen men were arrested by soldiers and deputy sheriffs as ringleaders in the mob following its being dispersed after the attack on the company office building.

Charge Liquor was Cause.
According to members of the sheriff's force, the trouble started when returning labor delegates began hooting cars. Liquor secured while the union men were in Bloomington is charged by the authorities with being responsible for the outbreak which surpassed in violence any other riot since the beginning of the strike forty one days ago.

At 11:30 the city was quiet but soldiers are still patrolling the streets. All cars that could be were called into the barns at the beginning of the trouble, where a double guard had been posted.

THREE HONOR MEN ESCAPE.
Joliet, Ill., Sept. 3.—Three honor men at the farm of the state penitentiary, three miles from the city escaped today and tonight officers from this city and adjacent towns are scouring the country for the convicts. This makes nine honor men escaped in the last month. The three men are Albert Brown, Robert Miller and Clarence Scholman, alias Clyde Clow, all sentenced from Cook county for murder.

LEONARD STOPS RECTOR.
Toronto, Sept. 3.—Benny Leonard, world's light-weight champion, stopped Young Rector of Jersey City in the fourth round of a six round match here today. Leonard overwhelmed his opponent with his speed and skill, raining punches on him from all angles. In the fourth round after Rector had been forced to his knees for a second time his seconds threw in the sponge.

POSTAL EMPLOYEES AT MEMPHIS.
Memphis, Tenn., Sept. 3.—Memphis is entertaining this week the annual convention of the National Federation of Postal Employees. Delegates from nearly all the States were on hand today for the opening of the proceedings. The sessions will continue until Saturday.

PACIFISTS ATTEMPT NO PUBLIC MEETING

Delegates Hold Several Conferences At Hotels

Some Pacifists Attend Labor Picnic. Having previously announced they would make speeches if permitted to do so, but none make addresses.

Chicago, Sept. 3.—Delegates to the People's Council of America for Democracy and Terms of Peace made no effort to hold a public meeting today or tonight. Several conferences were held at hotels where the delegates are quartered, at one of which hotels is the adjutant general of the state sent here by the governor in charge of the state guardsmen.

None Speak at Picnic.
Some of the pacifists attended a labor picnic, having previously announced they would make speeches there if permitted to do so. None made an address but no person would say that they either asked permission to speak or were denied the privilege. A large force of deputy sheriffs were sent to the picnic grounds by Sheriff Traeger who has been co-operating with Adjutant General Dickson since the arrival of the four companies of national guardsmen from Springfield on Sunday night.

Sheriff Traeger declined to state what instructions had been given to the deputies adding that he was co-operating with Adjutant General Dickson and would be governed by instructions from the commander of the state troops. The troops, which were rushed here on a special train to stop the pacifist meeting held while they were en route on Sunday afternoon were in readiness through the day at the first regiment army where they were stationed.

Thompson in Seclusion.
Mayor Thompson, by whose instructions the meetings of pacifists was held under police protection, was in seclusion through the day. Members of the state council of defense discussed possibility of action against the mayor for what was regarded as his illegal action in permitting the pacifist meeting to be held in defiance of Governor Lowden's orders.

Members of several patriotic organizations also informally discussed the mayor's action. None announced any formal steps toward a plan of proceeding against the mayor.

A number of the delegates to the peace meeting left tonight. Many regarded their object as having been completed when their meeting was held.

Will Move to Displace Mayor.
County Judge Scully in a statement declaring that Mayor Thompson "is a menace to Chicago by inviting thru his acts the coming to this city of every enemy element" said that he would call a meeting of representative citizens to devise means of displacing the mayor.

Resolutions, thanking Governor Lowden for his efforts to prevent peace meetings, were presented to the city council tomorrow. Friends of the mayor in the council said they would be ready to explain the action of the mayor and defend him against what they termed political attacks.

Lowden Makes Statement.
"So far as I am concerned, I purpose to put it to the test that those who are not for the government are against it," said Governor Lowden tonight in a statement made after a conference with Attorney General J. Brundage in regard to the meeting of the council for democracy and peace held under orders from Mayor Thompson before the governor could get troops to Chicago to prevent it.

The statement said:
"The fact is that the antecedents, the personnel and the propaganda of the so-called National Council of America for Democracy and Peace make it a treasonable conspiracy. Such a conspiracy ought not, when the nation is battling for its life, to find shelter under a claim of freedom of speech.

"I lose this war real free speech will be lost and this society which now claims privilege, will contribute to that result. A treasonable conspiracy is none the less a crime because it is staged in public. A crime is not less a crime because the world is taken into the confidence of those who commit it.

Will Employ Full Power.
"I shall employ the full power of the state in suppressing the meetings of this society. What I have said of this organization applies equally to others which may seek to obstruct the government in the prosecution of this war. Freedom of speech will be respected but in Illinois will not be permitted as a cloak for treason. The time has come in Illinois and elsewhere to find out who are for the government and who are against it. This is the only classification which matters at the present time. If, as some suggest, the people generally are disloyal, to their government, let us know it and let us know it now.

"So far as I am concerned, I purpose to put it to the test that those who are not for the government are against it. In my judgment we are staking all we are or all we hope for our children upon the issue of the war. We cannot expect to win unless the people generally are back of us. If they are not, all is lost.

The governor would not say whether he contemplated any further action in regard to Mayor Thompson for over-riding the orders forbidding the meeting of the peace council.

PRESIDENT WELCOMES NEW NATIONAL ARMY

Executive Calls Men "the Soldiers of Freedom"

Wilson Asks New Soldier to Set for Himself a High Standard and Live up to it and Thus Add a New Laurel to the Crown of America.

Washington, Sept. 3.—Soldiers of the National Army were welcomed into the nation's service today by President Wilson with a message of affectionate confidence and a prayer to God to keep and guide them. Everything these young men do, the president told them, will be watched with the deepest solicitude by the whole country, and the eyes of the world will be upon them because they are "in some special sense the soldiers of freedom."

The first soldiers for the army raised under the draft law start from their homes for the training cantonments Wednesday. The president asks them as brothers and comrades in the great war to keep straight and fit by a standard so high that living to it will add a new laurel to the crown of America.

The message follows:
"The White House,
Washington.
"To the Soldiers of the National Army:

"You are undertaking a great duty. The heart of the whole country is with you. Everything that you do will be watched with the deepest interest and with the deepest solicitude not only by those who are near and dear to you, but by the whole nation besides. For this great war draws us all together, makes us all comrades and brothers, as all true Americans felt themselves to be when we first made good our national independence. The eyes of all the world will be upon you, because you are in some special sense the soldiers of freedom. Let it be your pride, therefore, to show all men everywhere not only what good soldiers you are, but also what good men you are, keeping yourselves fit and straight in everything and pure and clean through and through. Let us set for ourselves a standard so high that it will be a glory to live up to it and then let us live up to it and add a new laurel to the crown of America. My affectionate confidence goes with you in every battle and every test. God keep and guide you!"

"Woodrow Wilson."

TO PROBE SUPPLYING OF DEFECTIVE CARTRIDGES

General Crozier, Chief of Ordnance, Asks That a Board of Inquiry be Named.

Washington, Sept. 3.—Steps looking toward investigation of the supplying of defective cartridges to the American forces in France were taken today by Brig. Gen. Crozier, chief of ordnance, and by the senate military committee. General Crozier asked that a board of inquiry be named. He said a small quantity of cartridges which retards fire a fraction of a second had been found in about two per cent of the army's cartridges. Confidence was expressed by the general would find that the defect was unavoidable and not due to negligence either on the part of the manufacturers who supplied the chemical to the government arsenal at Frankfort or to ordnance department inspectors.

The senate committee decided to call Secretary Baker before it tomorrow for explanation of the matter and will then decide whether to pursue an investigation of its own. Whether the inquiry suggested by General Crozier shall be made, will be decided by Secretary Baker when the request reaches him tomorrow. Any defective ammunition which may have been supplied the navy by the war department ordnance bureau will be traced and returned for remanufacture.

Senator Borah Addresses Senate.
Senator Borah addressed the senate in favor of a tax of at least sixty per cent. Citing the increasing war expense estimates of Secretary McAdoo, Senator Borah said he believed they ultimately would reach between \$22,000,000,000 and \$23,000,000,000 and possibly \$25,000,000,000 for the first year including loans to the federal government. He presented statistics regarding the amount of profits based upon last year's earnings that big business concerns would retain even if a sixty per cent war profits rate was adopted. He said the DuPont powder interests would have \$35,000,000 left over.

Declaring that Armour and Company's excess over a sixty per cent levy would be \$11,600,000 he said: "That is quite sufficient for a man to wish the war to continue indefinitely and to enable Armour and Company to bear any grief because somebody is dying at the front to protect their property."

"The Bethlehem Steel company's excess over sixty per cent was estimated at \$20,000,000 and the United States Steel corporation's at \$157,340,000, based on 1916 earnings, with the latter increased to \$188,730,000 on this year's earnings.

"Could there be any better investment than an investment in war?" Senator Borah asked. "Have you ever heard anything so good in time of peace?"

Senator Johnson called attention to the fact that Chairman Simmons made the statement that the profits of the steel corporation this year would be \$490,000,000, that the tax proposed to be levied on that organization would amount to but \$183,000,000.

FRANK ELLIOTT WINS RACE.
Uniontown, Pa., Sept. 3.—Frank Elliott won the 112½ mile race at the Uniontown Speedway today in 1:14:26. The purse was \$12,000. Barney Oldfield was put out of the running when his car crashed into the guard rail in the ninth lap when a tire exploded. No one was hurt, but the machine was damaged.

SENATE DEFEATS HIGH TAX ADVOCATES

Reject La Follette's Proposal for Seventy Per Cent Flat Increase

FINAL VOTE WEDNESDAY

WASHINGTON, Sept. 3.—The senate spent today's holiday in sharp clashes over war profits taxation and again decisively defeated proposals of the high-tax advocates.

Senator La Follette's maximum amendment for war profits taxes proposing a flat increase of seventy per cent over existing rates, was rejected by a vote of 55 to 20. Another by the Wisconsin senator for a 65 per cent increase was defeated 53 to 17.

Final Vote Wednesday.
The final vote on the war profits section is to be taken late Wednesday but the bill's provision as now written for an increase of about one-third or \$1,000,000,000 is expected to stand. Tomorrow another amendment by Senator La Follette for a sixty per cent gross levy will come up together with a complete substitute proposed by Senator Hollis for the finance committee's compromise provision.

But three recruits were gained in today's voting by the high tax advocates in addition to the seventeen who voted Saturday for Senator Johnson's maximum proposal of an 80 per cent tax. Senators King, McMillan and Trammell voted for both of the La Follette proposals. On the 65 per cent increase the high tax strength was reduced thru the early departure of Senators Ashurst, Brady and Gore.

Expect a Few Additions.
A few additions are expected on other pending amendments for various flat taxes down to 48 per cent, but Senator Borah said today after the vote on Senator La Follette's maximum amendment that the bill probably would go to the president bearing its present total tax levy of \$2,500,000,000. Many phases of the war situation were discussed during the holiday debate of seven hours, three of which were occupied by Senator La Follette in another vigorous speech for higher rates on what he termed "blood profits." His remarks caused Senator Simmons, chairman of the finance committee, to suggest that the Wisconsin senator was attempting to "hoodwink" the senate and provoked two hot clashes in which both senators were declared out of order by the presiding officer.

Senator La Follette contended that the committee's new plan would not increase the tax burden of great corporations, but would exempt their large surplus. This was vehemently denied by Senator Simmons.

Senator Frellinghuysen opposing the La Follette proposal, said it was fraught with great danger to business interests.

"To impose such unfair taxes and impair industry," he said, "would practically make certain the victory of Germany."

Borah Addresses Senate.
Senator Borah addressed the senate in favor of a tax of at least sixty per cent. ROOT URGES LAWYERS TO SOUND "CRY OF ALARM"

Addresses Conference of Bar Association Delegates

Urges Men to Exert Every Influence and Every Power for Successful Prosecution of the War—Stake of Fight is Liberty.

Saratoga Springs, N. Y., Sept. 3.—Lawyers of America were urged to sound a "cry of alarm" thruout the nation for a successful prosecution of the war in an address delivered today by Elihu Root, before the conference of Bar association delegates, an organization allied with the American Bar association. He urged that every member of the bar "exert every influence and every power he possesses over his clients, friends and associates in every community in that direction."

"It has become evident," he said, "that this is a conflict between two opposed systems of government, of policy, of politics, of human society. It has become evident that our war has brought on to establish a military autocracy."

In closing Mr. Root said among other things:
"So long as there exists a great and powerful military autocracy which has the purpose to secure domination by military force, you might as well go to sleep with a burglar sitting in your front hall as to talk about peace and security of a democracy with Germany still competent to pursue its career of domination."

"We are in the fight and the stake for which we fight is liberty and it is our bar which stands at the door thru which oppression would enter. Individual liberty and the supremacy of the law over executive power will be attacked and destroyed if we don't succeed in this war."

Mr. Root spoke after he had been elected chairman of the conference. He was interrupted by applause many times during the address.

Speaking at the dinner given by the men of law in his honor tonight, Amosud Bahkmeteff expressed confidence that the Russian armies will continue to fight and will not be crushed. Elihu Root expressed confidence in the men behind the new Russian government.

WILSON'S REPLY MAKES PROFOUND IMPRESSION

Erzberger May Demand Legislation for Immediate Introduction of a Government Responsible to the German Reichstag.

London, Sept. 3.—A Reuter's despatch from Amsterdam says:
"According to reliable informants President Wilson's reply to Pope Benedict's peace proposal has made a profound impression in political circles in Germany. Matthias Erzberger, member of the clerical center of the reichstag who believes he is backed by a majority of the members of the reichstag is expected at the next sitting of the main committee of that body to demand legislation for the immediate introduction of a government responsible to the reichstag and the abandonment by the government of its plea of inability to act regarding Alsace-Lorraine, to the extent of proposing that the decision regarding the allegiance of these territories shall be left to their inhabitants. It is expected also that he will advocate general disarmament after the war. It is considered possible that the reichstag will be dissolved soon after it re-assembles and that general elections will be ordered."

"Of noteworthy interest is the statement of Dr. Edmund David, Socialist leader of the reichstag. In yesterday's Vorwarts, the German Socialist organ, Dr. David maintains that the reichstag has constitutional means of enforcing its will as no government can continue to rule against its veto. He says that new elections in which the soldiers at the front would participate would clearly show how the ship of state must be steered. He says he confidently expects a crushing defeat of the Pan-Germans and annexationists."

SURROUNDED BANDIT COMMITTS SUICIDE

MONTREAL, Sept. 3.—After being surrounded at Lachute yesterday by a posse of police and citizens and fighting desperately until wounded, Joseph Leduc, alias Llandfield, one of several bandits accused of dynamiting the home of Lord Athelstan, publisher of the Montreal Star and of plotting to murder him two days previously, committed suicide by firing a bullet into his head.

Henry Monette, alias Girard and J. A. Tremblay, alleged dynamiters and companions of Leduc were being pursued tonight by a posse of special police from Lachute and were said to be headed toward the Laurentine Mountains.

GOV. LOWDEN DEFINES FREEDOM OF SPEECH

Brands Pacifists Who Harass Government Traitors

Executive Says Nothing Directly in Reference to Pacifist Row in Chicago—Governor Declares Struggle Is a People's War.

Ottawa, Ill., Sept. 3.—Governor Frank O. Lowden in a Labor Day address delivered here this afternoon defined freedom of speech and branded as traitors those pacifists who are harassing the government in the prosecution of the war. He said nothing directly in regard to the pacifist row in Chicago. In introducing the governor A. J. O'Connor said that the ninety percent of the people of the state were behind the executive, irrespective of political affiliations. Governor Lowden declared that the struggle in which the country is engaged is a people's war and he paid high tribute to the labor leaders of the state and nation who are co-operating with the government.

Agrees in Freedom of Speech.
"I agree with all my heart in freedom of speech," the governor said. "That is one of the things we are fighting for in this war, but civilization has adopted a definition of the effect that it is treason to say anything which will give aid or comfort to the enemy. Treason is veiled in fair-sounding words, such as freedom of speech. Resolutions adopted by pacifists do not bring any encouragement at the white house or any comfort to the boys in the trenches, or to those mothers who have sent their sons to the front. The only place where they are welcome is in the imperial court at Berlin. We want peace to come speedily. The only thing is to follow Grant's strategy, which is to locate the enemy and strike him hard. Peace must come with honor and not bring peril to our children. I would consider myself a traitor if I did not support the government and I would support the government if the president were a prohibitionist or a Socialist. There is only one test in time of war; we are either with the government or against it. There is no compromise. We must show to the world that we can preserve Democracy and defeat the enemy even in time of world war."

Comerford Refuses to Speak.
Bloomington, Ill., Sept. 3.—The refusal of Frank D. Comerford of Chicago, to deliver his speech was the feature of the Labor Day celebration in this city. About 3,000 trade unionists from Springfield, and Decatur joined the local unionists in the celebration and the parade was one of the largest and most elaborate ever held on a similar occasion here.

Mr. Comerford was the speaker of the day, and had intended to give a patriotic address. The committee in charge of the speaking informed him, according to Chairman Patterson, that there was no objection to a patriotic address, but that there must be no denunciation of any nationalities, as it would tend to cause dissension in the ranks of organized labor. Mr. Comerford, according to Mr. Patterson, then declined to deliver his address. In his place a speech was made by Miss Mary McDowell of Chicago and Hon. John B. Lennon of this city, treasurer of the American Federation of Labor. Managers of the celebration assert that their position was taken, not in opposition to patriotism but simply to prevent unnecessary dissension.

Comerford Gives His Version.
Chicago, Sept. 3.—Frank Comerford, labor attorney and scheduled speaker of the day at the allied labor meeting at Bloomington gave his version of why he did not speak at the meeting as follows:

"A committee of eleven representatives of unions waited on me and informed me that as they were opposed to the war I should make no reference in my speech to the attitude of labor toward the world struggle in which we are engaged. I would not agree to such a condition. Members of the committee said there was nothing personal in their attitude; that their units esteemed me highly, but that as they were unconditionally opposed to the war as a capitalistic war I must give them a decisive answer. I am satisfied there was no personal motive behind their attitude, for I had been attorney in a number of cases for labor unions or their members and I believe they do like me. But I told the committee I could accept no such restrictions; that I believed labor as a whole was not opposed to the war; that I certainly was not and that I believed those who were had a mistaken idea of the attitude they should assume. I said my answer to their proposition therefore must be an emphatic 'no.' That ended the interview and I returned here at once."

Petrograd, Sept. 3.—The war office informs the Associated Press that the evacuation of the Riga fortified district referred to in today's official communication includes the city of Riga itself. A dispatch received from the Novoe Vremya correspondent sent before the evacuation, said the Germans had begun to bombard the city with heavy artillery causing losses.

Russ Troops Withdraw.
Petrograd, Sept. 3.—The German offensive on the Riga front began Saturday by an attack on the Russian Ussuk position following artillery preparation which lasted several hours. The Russian troops defending the Dvina river withdrew, and when the Germans threw two bridges across the Dvina and passed to the eastern bank.

The Russian infantry in spite of the brilliant action of the artillery which destroyed one enemy bridge, could not stop the German thrust and the enemy taking advantage of this rapidly developed his success and began an advance northward. Russian counter-attacks against him were unsuccessful.

RIGA FALLS INTO HANDS OF GERMANS

Russ Garrison and Civil Population In Retreat Eastward

ITALIANS MAKE GAINS

Riga, Russia's big port on the Gulf of Riga, is in the hands of the Germans and its garrison and the civilian population are in retreat eastward. Following rapidly the advantage they gained in driving the Russians across the Dvina river on both sides of Ussuk last Saturday the Germans threw bridges across the stream and soon were on the heels of the former defenders some of whom offered resistance but others who showed the white feather giving the invaders no trouble in marching up the eastern bank of the Dvina toward Riga—15 miles distant. Seeing the disaffection and the inability to stem the tide of the advance, the Russian commander ordered an evacuation.

Russians In Danger.
With the falling back of the Russians from the city proper and the advance of the Germans northward along both sides of the stream, the Russians still defending the western bank around Dahlen seemingly are in danger of being caught between the two fast moving bodies of the enemy and made prisoner.

Behind them the Russians in their retreat from Riga are laying the country in waste, burning villages and farms. Whether the city itself remains intact has not yet been made known but doubtless the guns in the fortress and the ammunition stores either moving or destroyed to prevent them falling into the hands of the Germans. Aside from the strategic value of controlling the Gulf of Riga and of a base nearer the mouth of the Gulf of Finland, at the head of which Petrograd is situated, for the moment it is impossible to see the importance of the German gain, especially with the near approach of winter, when military operations in this northern region are almost impossible.

Where the Russians will draw their new line in the north to connect with that blow the point of penetration by the Germans also remains to be seen.

CALL FOR SERVICE
LEADS MANY WAYS.

Each community has its own particular problems in connection with the draft law and the reasons on which exemptions rest vary. In Utah most of these petitions set forth that the applicants are engaged in farming and that their services at home are therefore necessary. The boards in that state to meet this situation have issued an appeal directed to all farmers asking them to make it their business to see that the crops are garnered on the farms of all those who are called into the service. This is pointed out as a patriotic duty. Thus as has often been stated, the paths of duty lead now in many directions and patriotism does not alone consist of service at the front, for there must be workers at home who are zealous and unselfish. Surely the Utah farmers will see to it that the crops of the army men are cared for, even if the work on their own farms is delayed.

RIVER COMING INTO ITS OWN

Mention was made recently of the movement of a number of coal laden barges up the Mississippi to St. Paul under the direction of a company managed by Edward F. Goltz, formerly of this city. This freight movement occasioned the following paragraph in the Christian Science Monitor, mentioning the fact that the Mississippi is once more coming into its own:

"The recent successful voyage of coal-laden barges up the Mississippi River to St. Paul, the promised shipment of ore cargoes from Minnesota iron mines, by the same route downward to the Ohio River, and the recently declared purpose of those behind the project to equip another fleet for the shipment of oil, all combine to restore to the great river at least some of its lost prestige as a burden-bearer. It is not the fault of the river that it has not always been a greater factor in equalizing freight rates in the wonderful basin to which it has given its name. It has invited commerce since the days of DeSoto, but the appeal has long been unheeded."

HONOR FOR THE SOLDIERS.

It should be the earnest desire of every loyal resident of Morgan county to take some part in the demonstration tomorrow in honor of the soldiers who will soon leave for the front. The time has been brief for

preparation but such an occasion should need little work done on a program in advance. The best kind of a celebration will be that which spontaneously springs from the hearts of those who assemble. Let there be a great outpouring of people and the program of exercises will take care of itself.

Patriotic sentiment dwells in the breast of every true American, no matter what his station in life or where he happens to reside. In some cities demonstrations in honor of the troops have already been given and it is recorded that in each of these instances the scenes have been marked by patriotic fervor, and programs which began only with interest at its ordinary height, changed completely as the minutes passed.

There is something about martial music—something about the tramp of troops even before they have been trained in a military way—which tugs at the heart and chokes the voice. So let the people of Jacksonville and all the county assemble tomorrow and pay this mark of honor to the men who are soon to leave and become part of the armed forces of the U. S.

A WOMAN'S EXAMPLE.

There is both patriotism and sound common sense in the following attributed to a woman of Greenwich, Conn., whose husband is now at an officers' training camp with the expectation of soon being in active service.

"All women should be willing to help as far as possible in this national emergency, and in doing so they are doing themselves good, in as much as keeping real busy helps to relieve the terrible tension of uncertainty for those who have loved ones at the front."

This woman, Mrs. Charles H. Pearce, is one of the first in the country to assume charge of a business that her husband may enter upon active war service. It requires a patriotic heart and a full knowledge of the need for a woman bravely to meet this situation, but Mrs. Pearce is looking at the matter in its right relationship and the example offers wholesome advice to the women relatives of men who are gone to the front that hours crowded with work will be much easier to pass than those spent in idleness or in search for amusement. This woman's philosophy and patriotism are both well worth remembering.

MAYOR THOMPSON ASSUMES
GREAT AUTHORITY.

It will not be pleasing to the people of Illinois generally to know that the "People's Council of America for Democracy and the Terms of Peace" was permitted to hold a meeting in this state Sunday after permission had been denied in Minnesota, North Dakota and Wisconsin. The state government, however, can not be held responsible for Governor Lowden used his most earnest endeavors to prevent that meeting, dispatching four companies of the national guard from Springfield on a special train in the endeavor to prevent the meeting. The train traveled in record time but arrived after the meeting had adjourned.

Mayor Thompson in permitting the People's Council meeting acted

in direct opposition to the expressed wishes and instructions of Governor Lowden. The course followed by Mayor Thompson was entirely in accord with the unpatriotic attitude he has assumed all along with reference to the U. S. participation in the war. His course was also characteristically egotistical in the manner in which he defied the authority of the state. But good may come out of this evil if it but results in a proper reprimand from the federal government for Chicago's big-headed mayor. Mayor Thompson may think he is playing good politics in his un-American, pro-German attitude, but he is only digging deeper the political grave that he commenced a few months after he entered upon his term as mayor.

This is not a time for the curtailment of individual rights or for putting an end to free speech just so long as that freedom of speech does not border upon disloyalty and just so long as individual actions are not a menace to society. But those most active in the People's Council have already clearly manifested that their program is one of disloyalty and that they are seeking to spread abroad propaganda at this time wholly incompatible with patriotism.

TO COMPANY B.

Members of Co. B cannot be in Jacksonville tomorrow for the celebration in honor of Morgan county soldiers but they will nevertheless be held in memory on that occasion. This celebration is planned in recognition of the patriotism not only of the new members of the national army but also for the numerous other young men who have previously enlisted, many of them in Co. B and a score or more in other branches of the service. It will not be possible for all of these men to come to their home city at this time but they will be remembered in word and thought and no doubt even more substantial recognition will be given Co. B, as a movement is already under way to send a special fund to the Quincy camp. A number of citizens have indicated their intention to visit Co. B and thus giving formal expression to the interest and feeling that Morgan county has in its "first" soldiers in the world war.

Whether a man has enlisted as a volunteer or is entering the service because his name was drawn in the great lottery, he will be a loyal defender of his country's honor and will do his part in waging the battle for liberty. So honor them all, those at home and those abroad.

THE LAND OF "SOMEWHERE."

The canvas tents where the soldiers camp,
Are scattered far today,
To shelter the lads from the dew and damp
Ere they fold them up and away.
By the lakelet side or on prairie ground

Kind friends are gathering there,
And every day is a farewell scene,
For the boys are bound "somewhere."
And over the sea from home afar,
Our lads so loyal and true
Will march to the call of the gods of war,
Neath the folds of Red, White and Blue.

But never a boy will falter or lag
For onward with shoulders square
And hearts so brave they'll follow
That flag
To the land that lies "somewhere."

There under Old Glory's folds of light
For you, and for me and all,
Our boys will enter humanity's fight
Perhaps to stumble and fall,
Yet never a groan from hearts that yearn,
For dear ones and homeland fair,
Will be heard from the lads who may never return.
From the land that lies "somewhere."

Rippling Rhymes
By WALT MASON

IN THE MOUNTAINS

Majestic mountains round me
stand, with awful gorges by them; I
find them noble, solemn, grand—
the blue prints don't belie them. Here
I have lived while happy weeks slid
so I couldn't time them; I've gazed
upon the snowcapped peaks, and
never wished to climb them. I look
upon the mighty hills, by which men
seem like midges, and have as many
pleasants thrills as though I climbed
their ridges. And I alone and same
and safe, yes, I, who do this rhyming,
for all the other tourists chafe
to climb, and keep on climbing.
When'er they look upon a peak,
they say, "It's quite a boulder; we'll
climb it if we take a week, and bust
a shin or shoulder." And so with
alpenstocks and ropes, and other
and other doodads silly, they're
wearing out the mountain slopes, and
spoiling vistas hilly. And here in
this great pleasure ground they labor
nine times harder than when at home
they go their round, to fill the valley
larder. At home, if they worked half
as hard, they'd prance in righteous
rages, and hand out protest by the
yard, and strike for higher wages.
If one can call his labor play, you'll
never see him weary; he'll put in
nineteen hours a day, and still be
fresh and cheery.

CAPT. WOLTMAN NOW
AT OKLAHOMA CAMP

Assigned With Selected List for
Special Study at Ft. Sill—Will
Later Serve as a Division Instructor
in Use of Gas Masks.

Dr. H. C. Woltnan, now a captain in the regular army, was recently detailed to go to Ft. Sill, Okla., to take special training in gas defense. There are forty of these medical officers at the army post, about a third being chosen from each of the great army training camps. The number of medical men at Ft. Sill is large and the selection of Capt. Woltnan for this special mission is therefore a recognition of the ability he has thus far shown. When his training work is finished he will be detailed to instruct officers of an army division.

Paragraphs from a recent letter to Mrs. Woltnan which the Journal is permitted to print tell something about this new work in which the medical men are engaged.

"I have now been here at Ft. Sill since yesterday, and find quite a change. It had rained so much up at Ft. Riley and here it seldom rains at this season. We are in the southern part of Oklahoma not far from Lawton. Four of us are quartered in a tent about 16 feet square. During the day it gets very hot, but during the night it is quite cold.

Men All Specialists.
"I think we will be here next week at least. We will probably finish the course next week but don't know where I may be assigned. This camp is composed of officers for specialists in various lines such as machine gun operators, expert marksmen and even hand grenade throwers. These men are to be assigned to divisions and teach their specialties. It will be our duties to teach every man in each division all we know about gas and how to wear the mask.

"A division consists of about 20,000 men and we are to teach all the officers down to and including the captains and they in turn teach the privates. We are given lectures here and even brought in contact with gas in a house constructed for the purpose. But the main thing is to know how to put on a gas mask and be able to run with it on. I saw a large party of soldiers run a quarter of a mile this morning with masks on. My knees are still sore and running don't go very good with me but I keep up with them just the same.

Few Chosen from Each Camp.
"They have an aviation field here. We can see the buildings but they are not finished and probably will not be before we get away. I don't know how well we will like this work but it is not for us to choose in this war. The secretary of war chose 40 medical officers to come to Ft. Sill and specialize on gas defense. I am one of those 40. They are coming in today from Ft. Benjamin Harrison, tomorrow 15 come from Ft. Oglethorpe, about 15 from each of the training camps. It took us two days to come from Ft. Riley to this camp. We spent one night in Oklahoma City. All the corn is killed by hot winds, very little wheat. The cotton looks good."

MORTUARY
Doht.
John Henry Doht died at his home 1020 Adams street, Quincy, Saturday afternoon at 4 o'clock, aged 55 years. Death was due to diseases incident to old age. Mr. Doht was born in Germany and came to this country in December, 1858. With the exception of four years spent in St. Louis he has resided in Quincy ever since. He was a cabinet maker by trade and was a man highly respected in his home city.

He was united in marriage June 11, 1862, to Miss Johanna Puemer Nasta, of Quincy. Besides his wife he is survived by four children, fifteen grandchildren and nineteen great grandchildren.
Mr. Doht was a half brother of Fred W. Doht of this city who will leave this morning for Quincy to attend the funeral which will be held Wednesday.

LITERBERRY

Mr. and Mrs. Eugene Hart and son of Virden and Mr. and Mrs. Harry Hart of Jacksonville, spent Monday the guests of W. W. Young and family.

Mr. and Mrs. A. E. Petefish, son and daughter left yesterday for Kansas City, Mo., for a visit of two weeks.

Mr. and Mrs. A. Ratliff and daughters of Jacksonville visited George Ratliff yesterday.

Mrs. James Blair and grandson of Chandlerville have returned home after a visit with the family of Charles Ratliff.

LIEUT. MILLS GOES TO TEXAS.
Lieut. Epler C. Mills was recently in Virginia to visit his mother, Mrs. R. W. Mills, prior to joining the 13th U. S. Infantry stationed at San Antonio, Texas. Lieut. Mills was at the Ft. Sheridan training camp and was appointed to a second lieutenant in the regular army.

MOTORED TO ST. LOUIS.

Mr. and Mrs. C. L. York and son, Mr. and Mrs. G. S. Rodman, drove to St. Louis Saturday night in Mr. York's Overland 6, and returned Sunday night. While on this trip they drove to Jefferson Barracks, where thousands of soldiers are still in camp.

Mr. and Mrs. Charles N. Thompson have returned to Jacksonville after a pleasant summer spent at the delightful cool resort at Point Ideal, Canada. Mr. Thompson reports the fishing there as excellent and says that the nights are quite cold even during the summer season. The region surrounding Point Ideal is largely unexplored territory.

CAPT. HARMON IMPRESSED
WITH WORK AT CAMP

Government Plans are Stupendous in extent—Officers at Camp Still Compete for Honors.

The letter herewith is from Capt. W. T. Harmon, who is now at Camp Grant, Rockford. Capt. Harmon writes interestingly of conditions at Camp Grant and is impressed with the wonderful work the government is doing in preparing to bring Germany to terms.

Officers Still Compete for Grades.

Camp Grant, Ill., Aug. 31, 1917.
Am in my new army "home," and have been assigned to the 34th infantry with Col. Simmons, a regular army officer commanding. All other officers, with exception of one major are from Fort Sheridan training camp and as the men who were commissioned from 7th and 8th companies are united here, we have a congenial set of men, nearly all of whom are acquainted with each other. Just now we are quartered as a company in a barracks—the colonel is commanding the company, the majors are platoon leaders, the captains are sergeants and corporals, and the first and second lieutenants are privates—some company. The colonel is handling the officers in this way in order to get an idea of their ability. Each afternoon the captains take turns drilling the company under the eagle eye of the colonel. He carries a little notebook in which he probably is rating us. The competition did not end at Fort Sheridan but continues here with the same keenness, and fortunately with the same good spirit as was manifested there.

A number of officers are to be sent to Texas to officer National Guard units which are being mobilized there. Six captains are going from this regiment. The colonel asked the captains to volunteer in case they wished to go and as more than six preferred to go south, he selected six from the number. I did not volunteer because I prefer to stay in the north.

Captain Holderby is in this regiment. I saw Fred Stewart and Stuart Russel yesterday in Rockford. Stewart told me his company (Nine) officers have been converted into a machine gun company.

Stupendous Preparations.

Since coming here I have been amazed at the stupendous scale on which war preparations are being carried out. A sight of this camp, (altho far from being finished) compels admiration for the manner in which the war department has planned and is executing its plans. It is easy to criticize but when one stops to consider that this is but one of many similar camps under construction, one is surprised that such gratifying progress has been made. To take 3,000 acres of farm land to construct railway lines and switch yards, to build macadam roads, to lay miles of sewer pipes and water mains, to assemble the vast amount of building material necessary, and then to construct the many, many buildings which are already standing, is evidence that Uncle Sam is big enough for the task he has undertaken. An army of workmen is still busy and where they operate buildings soon spring up from among the roasting ears in the corn fields.

We will be prepared for the selected men when they come.

Sincerely yours,
William T. Harmon,
Capt. 344th Infantry.

FUNERALS

Guthrie

Funeral services for Mrs. Alma Guthrie were held from Mt. Emory Baptist church Sunday afternoon at 2:30 o'clock in charge of the Rev. E. L. Seruggs. Miss Clara Davis sang a solo. The flowers were cared for by Mrs. Mary Reed, Mrs. Josie Saltee, Mrs. John Hogan, Miss Clara Davis and Miss Mildred Frye. Burial was in Jacksonville cemetery the bearers being Edward Smith, Howard Henderson, Robert Lewis, H. W. Chapple, Charles Reid and John Hogan.

Harney

Funeral services for Robert Harney were held from the residence near Murrayville Sunday morning at 9 o'clock in charge of the Rev. W. H. McGhee. Music was furnished by Rev. W. H. McGhee, Mrs. J. K. Cunningham, George Coultas and W. W. Gillham. Burial was in Diamond Grove cemetery, the bearers being Samuel Dean, Walter Lawson, Lloyd Rafferty, Raymond Rafferty, Austin Cockrell and Fred Cockrell.

Yingling

The funeral of the late Joseph Yingling was held Sunday afternoon at 3 o'clock at his late residence, Maple Dale on the Mound road. The services, which were of a very impressive kind, were conducted by Rev. R. B. Wilson. The minister read various passages of scripture, concluding with the 23rd Psalm. He then gave an exposition of the beautiful verse of this Psalm, which have carried so much hope and comfort to millions of hearts. This theme was chosen by Rev. Mr. Wilson because the last words spoken by Mr. Yingling were those of the first verse of the Psalm, "The Lord is my shepherd, I shall not want."

Rev. Mr. Wilson referred to Mr. Yingling's business integrity and his success thru the years, commenting too upon the staunchness of his character manifested in so many ways. He mentioned too, the marked devotion of Mrs. Yingling, who had given her husband thru the years her most earnest and unselfish care. As a part of the service Miss Ruth Leach sang beautifully "Beautiful Isle of Somewhere" and "There's No Night There." The floral emblems which were very numerous were in the care of Mrs. Joseph Brown, Mrs. W. W. Meldrum and Miss Elsie Rapsilber. The bearers were Julius Gates Strawn, U. Ziegler, C. H. Russell, Walter Ayers, Joseph W. Jack-

RETURN FROM CAMPING TRIP

A party of Jacksonville people returned Monday from Lake Matanzas where they had spent a week very delightfully. The party included Mr. and Mrs. Herman Weber, Misses Dorothy and Anna Weber, Lillian Carter and Mabel Munson of Beards-town, Messrs. Myers and Louis Weber, Ross Richardson, Harry Cain and William McCarthy. Fishing was good and the week was in every way enjoyable.

Hogue.

Funeral services for Mrs. William Hogue were held from the residence, 608 West College street Monday afternoon at 2:30 o'clock in charge of the Rev. M. L. Pontius pastor of Central Christian church. Music was furnished by Miss Marie Finney, Miss Lorine Deweese, C. L. Mathis and W. W. Gillham. The many beautiful floral offerings were cared for by Mrs. H. C. Clement, Miss Lizzie Rataichak and Miss Mollie Burns. Burial was in Diamond Grove cemetery, the bearers being George Douglas, George Harney, Herbert Henderson, Ira Patterson, H. C. Clement and Charles J. Rataichak.

READY FOR SCHOOL WORK.

Mr. and Mrs. T. W. Callihan have arrived in Jacksonville preparatory to the opening of the high school term and will be at home this year at 1123 West Lafayette avenue. Principal Callihan spent most of the summer taking work along special educational lines at the University of Chicago. This work is in preparation for a degree that he expects to take from the university at a later date. For several weeks past Mr. and Mrs. Callihan have been guests of relatives in Carthage and they drove from Hancock county to Jacksonville in their car, arriving late Sunday night just a few hours ahead of the rain.

MRS. RYAN'S BIG BARN DESTROYED BY FLAMES

Fire on a Scott County Farm Monday Caused by Lightning—John Holt Weds Miss Winnie Crabtree—Winchester News Notes.

Winchester, Ill., Sept. 3.—The large barn on the farm of Mrs. Jane Ryan, residing about four miles southeast of Winchester, was struck by lightning during the storm Monday morning about eight o'clock and burned to the ground. The structure was practically new, being erected about a year ago. It is understood that about \$600 worth of insurance was carried on the building. A considerable quantity of hay, seed wheat, rye, meat, a number of chickens and all the farm harness were consumed in the flames. Six horses which were in the barn at the time the fire was discovered were gotten out in safety.

Rev. W. L. Gibson and wife of Irving, Ill., have arrived for a short visit at the home of Mr. and Mrs. Earl Nelson. Rev. Mr. Gibson will soon be located at Greenfield, where he has accepted a call from the Presbyterian church of that place.

Miss Smith Very Ill.
Miss Ruby Smith, who has been ill for many months, was taken to a Springfield hospital Sunday for treatment. The trip was made in J. C. Neary's big Packard twelve. Miss Smith was accompanied by her parents, Mr. and Mrs. George Smith and by her physician, Dr. H. J. Fletcher. Her many friends hope that the change will benefit her.

Miss Rae Goldstein of Chicago has returned to Winchester to resume her position as saleslady at the ready-to-wear and millinery department of the Hainsfurther store.

High School Instructor Resigns.

The board of education has received a telegram announcing the resignation of Miss Mildred Hillsabeck as instructor in music and English at the Winchester high school. The resignation coming at this time makes it difficult for the board to fill this position satisfactorily in time for the opening of the schools. It is not known what Miss Hillsabeck's plans are for the coming year or the cause of her resignation from the high school faculty at this time.

Mrs. Earl Welch left Saturday for a visit in New Orleans.

KNOWS MINISTER WHO FACES MURDER CHARGE

Jacksonville Man Gives Some Interesting Details About Unusual Career of Rev. L. G. J. Kelly.

The sad tragedy in which the Rev. Lynn George J. Kelly figured so conspicuously brings to the mind of a minister of this city an experience he had with that man some years ago.

Mr. Kelly was a student in a Presbyterian school in England in 1906, and was open to engagements for work. Rev. J. G. Moore, a district superintendent of the Methodist church in North Dakota, advertised for ministerial workers and Mr. Kelly answered the call and came across the water and reported to Dr. Moore who examined him in various ways and gave him a license for a year as Kelly was not ordained. The young man possessed remarkable powers as a writer and speaker. His sermons were excellent and he wrote somewhat extensively for the papers. Some of his poems were especially fine specimens of English composition and he had fine talents.

Located in Wisconsin.

However, he seemed not to be suited for the country in which he had landed and wanted to get farther eastward so Dr. Moore communicated with the gentleman now of Jacksonville and the latter took the young man after he had been in North Dakota a few months. He was superintendent of Winona district of Minnesota and placed the young man at LaCrosse, on the river just opposite LaCrosse, Wis. There he went to work with a vim and won the hearts of his people in short order.

He was good in the pulpit especially and also was faithful as a pastor but lax in other directions. His income was \$700 a year and on the strength of that he bought on monthly payment plan a \$100 organ, a \$100 typewriter, a \$50 victrola, horse and buggy and furnishings for his house. Soon letters of inquiry began to come and investigation followed.

It is a principle of the Methodist church to try to see that its ministers and exhorters pay their debts so it was arranged that the most of the goods bought were returned.

A Letter of Inquiry.
From Minnesota Mr. Kelly went to Iowa and served a Presbyterian church and a while back the Jacksonville man received a letter from Mr. Kelly who was then serving a congregational church in Nebraska where he could be ordained if he could give satisfactory credentials. The Jacksonville man sent a letter stating facts and that was the last heard of the matter.

Mr. Kelly is a man with a wife and no children. He seemed to be wholly incapable of financial management and lacking in any idea of the analogy between buying and paying. He had strange ideas regarding men he had seen and when almost any prominent Englishman of modern times was mentioned he would claim some acquaintance or say he had studied under him. He seemed to think he was called to do some great work but had vague ideas regarding it.

Social Events

Macoupin People Here for Family Party.

A. D. Conlee was happily surprised Sunday when a number of relatives and old friends from Macoupin county called in to see him. They brought with them well filled baskets and it is needless to state that these contained everything imaginable that was good to eat. The party spent the day very pleasantly at Nichols Park. The feast of goods things was enjoyed at the noon hour.

Those from Macoupin county included Mr. and Mrs. W. T. Conlee and daughter Lula; Mr. and Mrs. O. B. Conlee and daughters, Bernice, Marie and Blanche; Mr. and Mrs. Charles Weller and sons, Elzie and Charlie; Mrs. A. D. Conlee's mother, Mrs. Malinda Weller; Miss Ethel Conlee; Misses Gwen and Edna Johnson; Miss Maud Leach, Mrs. Carl Walden, Mr. and Mrs. John Anderson and sons, Estell and Almyer, and Mrs. Herb Boston. Those from Jacksonville who attended included Mr. and Mrs. A. D. Conlee and sons, Arthur, Bernard and Chester; Mr. and Mrs. V. D. Wilson and daughter, Dorothy Frances, and Leonard Acree.

Mrs. Todd Entertained in Honor of Grandmother.

Mrs. T. A. Todd entertained a number of friends at her home in East Morton avenue at a six o'clock dinner Sunday evening in honor of her grandmother, Mrs. H. Glassner. Mrs. Todd was assisted in entertaining by Miss Emma Lange. After dinner a number of piano selections were given by Mrs. J. Langford. The occasion was one of great pleasure.

Held Annual Picnic.

The Gallaudet club of Jacksonville held its second annual picnic at the beautiful country home of Mr. and Mrs. L. Zimmer on the Mound road Monday.

Indoor baseball was a feature of the day's enjoyment. A bountiful dinner was spread on the lawn. Ice cream and cold drinks were also served during the day.

The committee consisted of Louis Igleheart, chairman; Theodore Zimmer and William McLean, ably assisted by the president of the club, Lee Huff.

Among the visitors from out of town were: Mr. and Mrs. John Rankin of Virden, Charles McLaughlin of Kansas City, and Miss Mabel Irving of Arenville.

Entertained College Hill Club.

Mrs. Truman P. Carter, Mrs. R. A. Gates and Mrs. Oscar Kuechler entertained the members of the College Hill club at the home of Mrs. Kuechler Monday afternoon in honor of Mrs. Barrows, who leaves soon for Racine, Wis. to reside. The afternoon was spent in a pleasant manner and refreshments were served.

CHAUTAUQUA CLOSES AT WHITE HALL

Event This Year A Great Success—Returns Near \$4,000 Mark—Plans for 1918 Well Under Way.

White Hall, Sept. 3.—The second annual session of the White Hall Chautauqua closed Sunday night, following eight days of oratorical and literary events mingled with camp life and the spirit of home coming. Up to the very last hour the great assemblage of people were in a happy frame of mind, there being an absence of the wearisomeness that sometimes attends county functions that extend over a number of days.

Next year's session has been assured by subscriptions to the guarantors' fund aggregating 1,250 season tickets at \$1.50 each, and the selection of the following board of directors: J. Howard Piper, W. S. Cora, Alonzo Ellis, Louis Lowenstein, Arthur Frederick Ewert, Margaret North, John H. Fox, W. H. Helm, E. W. Lorton, C. E. Potts, T. N. Rose, H. W. Shirley, J. S. Spencer, H. O. Tunison and Frank Vanderhelen. At the hour of this writing the gross income figures \$3,809 from all sources, but there is possibility of this figure being enlarged from returns for concessions. The evident success here indicated gives greater enthusiasm for next year, and the plans are being undertaken on a still larger scale, smacking of something in the nature of a program in recognition and in observance of the Illinois Centennial, suggested in an address Saturday afternoon by Horace H. Bancroft of Jacksonville, representing the Illinois Centennial Association.

The proceedings of the earlier portion of Chautauqua Week have already been outlined in these columns. Saturday was Bryan Day, and the former secretary of state spoke to an audience of 5,000 people. His speech covered two hours and fifteen minutes, devoted mainly to the prohibition issue and woman suffrage. Roscoe C. Simmons arrived from Louisville, Ky., Sunday afternoon, and for inspiration and keen insight into the negro problem it is hard to imagine that a more eloquent address would be possible. Mr. Simmons is the oratorical success of Booker T. Washington, and those who heard this distinguished colored scholar join in highest praise of the words and sentiment of his address.

The White Hall Chautauqua grounds are located on Gregory Farm, just at the southern limits of the city, and is an ideal spot for the purpose of camping and recreation. Sixty tents were pitched upon the "Alps of Greene County" for the accommodation of the campers, and a new swimming pool was in service and extensively patronized. It was the most notable home-coming event that White Hall has ever experienced, which is saying much. In contemplation of White Hall's home coming undertakings of the past.

ALEXANDER

Miss Kit McCarty and Miss Mary Hohman left Saturday night for Chicago. John Tufts, nephew of the former, who has been visiting in Alexander and Jacksonville for the past two months, will accompany them to Chicago, where he resides. Matthew Corrigan and family of Springfield spent the day Saturday with Mrs. F. J. Kaiser and family. Miss Katherine Dailey is here from Springfield for a visit with friends. Dr. and Mrs. Wade H. Schott and two children left Friday for Waterloo, N. Y., where they will spend the coming month.

Miss Ada Weigand was a visitor in Springfield Saturday.

Mr. and Mrs. Clifford Obermeyer, who have been on a farm near here for some time, have removed to Jacksonville to make their home.

Mrs. Alice Kumble and family expected to spend the day Sunday with Winchester friends.

E. D. Davenport, T. E. Cockin, John Snyder, John Kumble and Mrs. C. M. Strawn were visitors in Jacksonville yesterday.

FIRST SOLDIERS WILL ENTRAIN WEDNESDAY

SIX TO START FOR CANTONMENT AT LOUISVILLE.

Complete Instructions Received Monday By Local Board Covering Departure of Men in County's Quota — Three Alternates Notified to Be in Readiness.

Complete orders for the movement of the first troops from Jacksonville were received by the local board Monday. Members of the first squad will be under command of Walter L. Andre. Others in the party will be Charles W. Radford, Fred V. Reagel, Frank H. Kormsmyer, Herman L. Evans and Kenneth V. Skeens. In addition notification has been sent to three other men to make preparation to go Wednesday in case they are called upon to supply the places of any of the six men named. The three alternates are George L. Elliott, Blacksmith, Jacksonville; Lloyd W. Spires, student, Jacksonville; William J. Eads, newspaper worker, Jacksonville.

The instructions received are very complete and indicate that the members of the first squad will leave Jacksonville Wednesday afternoon at 4:20 on the Chicago & Alton road. They will go to East St. Louis and there take the Louisville & Nashville to Henderson, Ky. At that point they will entrain on the L. H. & St. L. for Louisville and at Louisville will transfer to the Southern road for Camp Taylor, a few miles away. The plan was worked out in detail by the American Railway Association in conjunction with the adjutant general.

The text of the board's orders reads as follows:

Chairman Local Board Morgan County, Jacksonville, Ill.

Having been notified by the Provost Marshal General to furnish five percent of the net quota of Illinois

under the selective service act, you are hereby advised and directed as provided in section four, mobilization regulations that your local board will assemble for transportation to the mobilization camp at Camp Taylor, Louisville, Kentucky, six men. This movement will be as follows: Chicago and Alton to East St. Louis, Louisville and Nashville to Henderson, L. H. & St. L. to Louisville, Southern to Camp Taylor on September fifth. It is important that in your transportation request presented to your railway agent the destination point indicated should be Camp Taylor. Local boards are urged in following the routings indicated to make arrangements for their contingent to take morning trains from their home station.

In this movement your board is especially directed to comply fully with sections two, three, four, five, seven, thirteen, fifteen and seventeen to twenty-one of the mobilization regulations. You are authorized for the purpose of this first contingent only, to make such modification of the requirements of sections six, eight, nine, ten, eleven and fourteen as may be feasible, but in departing from the requirements of these indicated sections in any way, no chance may be taken which could in the most remote manner affect the requirements of the government to forward to mobilization camp indicated the required and indicated number of men in strict conformity with the schedule outlined above.

Should Take Only Light Baggage.
In addition to the general provisions of the mobilization regulations which your board has no doubt carefully studied, attention is invited to the following: The men should be permitted to take with them only light hand baggage of preferably bundles containing toilet articles and changes of underclothing.

Those who have not procured these articles should be cautioned to provide themselves therewith.

In addition men should be advised to take with them a pair of comfortable shoes so as to afford them a change from their new regulation marching shoes. In many instances the schedule as arranged permits of the entraining and detraining of contingents between meals.

Where this is not possible arrangements for feeding persons on the trains will be such that parties entraining after eight a. m. after one p. m. or after six thirty p. m. will be expected to have had their breakfast, lunch or dinner period.

A Tag for Each Man.
In order to minimize the difficulty of handling the mass of men which pour into the mobilization camps, you are instructed to provide a tag for each man and a similar tag for each piece of hand baggage carried by each man. On this tag should be written the name of the contingent as "Chicago number one" or "Payette County".

The number referring to the number of the local board in a territory containing more than one board.

These tags should be on the hand baggage and issued to the man in charge with instructions that, before arrival at the camp, each man of the party should fasten the tag to a button on his coat or shirt.

Each Contingent in Single Group.
The man in charge of each local contingent should also be instructed to hold his men in a single group after they arrive at the mobilization camp and to keep this group stationary somewhere opposite the car on which they arrive and on no account to allow the group to separate or mix with other groups until an officer of the camp can take charge of the group and conduct it to its proper barracks. Under section six, mobilization regulations, meal and lodging tickets were to be furnished direct to local boards by Provost Marshal General's office. I am advised by Provost Marshal General that no lodging tickets were sent as indicated by this paragraph but that the meal tickets may be altered to fit the requirements of lodging tickets and handled in the same manner as for meals. The Provost Marshal General also calls attention to the fact that the object of calling only five per cent in the first contingent is to place in the camps enough men to form a skeleton organization to assist in receiving and assimilating the large contingents to follow, with this in view he further directs that local boards send in first contingent only white men, and so far as practicable that they send men with some military experience or cooks. Further in making this selection order numbers are not controlling but great care must be taken not to send men whose order of call is so late that they will not be within the quota of the board.

Must Furnish Number Called.
Attention is invited to the fact that the Provost Marshal General made provision for the five per cent comprising first contingent to be forwarded from local districts in relays covering a period of five days beginning September fifth. Many requests received from local boards indicated desire to send this first contingent on one day as simplifying the work and more satisfactory to men. I have been authorized by Provost Marshal General to handle this in either way being charged however with the responsibility of insuring arrangements which the American Railway Association can carry out. In conference with their representatives the schedule for the entire state has been arranged on such basis as will admit of sending full five per cent from each of the local districts together on one of the five days provided. Special emphasis is laid upon the fact that each board must furnish to the mobilization camp on the date specified and in the manner provided in this telegram the actual number of men called for herein.

There must be absolutely no departure from this number but it is obvious the task is one that can only be successfully accomplished to the credit of our State through the intelligent and patriotic co-operation of all concerned.

The impending mobilization is the greatest single movement of troops in the history of this country and if it may be effectively accomplished, which it may be the co-operation and intelligent conformity to regulations sent down in great detail. It will be a source of satisfaction to every member of each local board whose painstaking labor will have done so much to make it possible. Please acknowledge.

Frank S. Dickinson,
The Adjutant General.

SHOOTING CAUSES EXCITEMENT

IN SOUTH WEST STATION Sunday about midnight residents in South West street were startled by pistol shots and screams. The shooting occurred at the home of Charles Dailey. It seemed that Dailey had been away from home and returned Sunday night and when he arrived at his residence he found several people there. He ordered them out of the house and some words passed between Dailey and some of the visitors. Dailey said to have fired two or three shots in the air and his wife screamed and fainted. The night police were notified and went to Dailey's residence but could not find out anything about the affair. Monday morning Detective White and Patrolman Jordan took Dailey to the police station where he told the above story and was released.

COL. LESTER DIES IN UTAH.

Springfield people have been advised of the death of Col. A. J. Lester of Salt Lake City, where he recently went on a business trip. The deceased was formerly city attorney of Springfield and more recently was a resident of Chicago. He is a personal friend of Gov. Lowden and last week was named by the governor as member of the centennial building commission. Mrs. Lester before her marriage was Miss Louise Tracy, daughter of the late Frank W. Tracy, well known Sangamon county banker.

WILL MEET FRIDAY

The Pastor's Aid society of the First Baptist church will meet Friday afternoon at 2:30 o'clock instead of Wednesday.

ALL PLANS PERFECTED FOR PATRIOTIC PROGRAM

PEOPLE WILL UNITE TO HONOR COUNTRY'S SOLDIERS.

Many Organizations and Citizens Generally Will Take Part in Parade—Line of March Announced—Banquet Will Be Served at 1 O'Clock—All Drafted Men Wanted for the Parade.

With good weather conditions Wednesday should witness one of the biggest patriotic demonstrations ever seen in Jacksonville when citizens will do honor to the first quota of men called for service in the National Army.

Of course the big feature will be the dinner which the ladies of several local churches will give at the Y. M. C. A. at 1 o'clock. It was originally intended to have the dinner on Tuesday. However, when the ladies learned of the preparations for other entertainment to do honor to the soldiers they changed their date to conform with the other program. Secretary Findley who has had charge of the preliminary arrangements for the banquet sent out the invitations Saturday evening. These invitations were sent to the men of the first quota and the guests of honor, members of Matt Starr Post G. A. R.

Parade Will Be Imposing
One of the features of the parade will be the band. John W. Larson, chairman of the parade committee, said last night that there would be fifty pieces in the band which will seem like the days of the Famous Juveniles when from forty to fifty men turned out on every occasion. Today the members of the local band will go to Beardstown to assist the Beardstown band in the celebration here for the county soldiers. They do this without charge and on Wednesday the Beardstown band will reciprocate by coming here for the parade.

The parade will form at the Y. M. C. A. at 3 o'clock and will move west on Morgan street to Church street. North on Church street to West State street. East of West State street to the public square. Around the south side of the square to East State street, east to Chicago Alton station where the first quota of six men will entrain for Camp Taylor.

It is the desire of the committee to have drafted men and especially those of the first quota in the line of march and all citizens and organizations as far as possible. So far the following organizations have notified the committee of their intention to participate. Matt Starr Post G. A. R., N. Y. B. C., Fire Department, Police Department, Boy Scouts and Red Cross.

Monday committees were named to look after the arrangements for the city and county. W. F. Widmayer, R. L. Pyatt and W. H. Cobb were named to see to the part taken by the city officials and employees and Carl E. Robinson, John M. Butler and H. H. Vasconcellos will look after the details for the county officials.

All Drafted Men Wanted

It was suggested Sunday that all men included in the draft be invited to take part in the exercises tomorrow. The committee in charge is very anxious that these men shall march in the parade but they decided that it was too late to attempt to reach them all by mail. They therefore are extending this invitation through the press. The presence of every man in the draft list is hereby requested and if there is a general response to this invitation the number in the parade will be greatly augmented and the impressiveness of the whole program will be increased.

G. A. R. ATTENTION

The banquet committee has invited the members of the Grand Army and all Civil War Veterans to attend the banquet to be given to the soldiers who have just been called to the front. I have been asked to convey this invitation. You are therefore requested to meet at Post Hall at 12:30 P. M. Wednesday, Sept. 5.

I want to add further that it is hoped that every member will join in the short parade.

There will be men in the parade who are 85 and 86 years old. If you are younger, don't say you can't march, but come out.

C. E. McDougall.

ROBERT STRAWN WEDS MISS WINIFRED ROBINSON

Jacksonville Boy Marries Popular Brown County Girl, a Former I. W. C. Student.

Robert Strawn, a prominent young farmer of Pleasant Plains, Ill., and well known in Jacksonville, was married Sunday afternoon to Miss Winifred Robinson of Timewell, Ill., at the country home of the parents of the bride near that place by Rev. F. L. Gould.

Mrs. Strawn will be remembered by many in this city as she was a former student at the Illinois Woman's college. She endeared herself to all with whom she came in touch at the local educational institution, where she took a large part in the student life of the college. She is a member of the Belles Lettres Literary society. The bride is the only daughter of wealthy Brown county people and is very popular among the younger set in that community.

Mr. Strawn is well known here, being the son of Ferdinand Strawn of Peoria. He was born and raised in Jacksonville and educated in the schools of this city. After completing his literary courses in the institutions here he attended the state school at Urbana, where he pursued a course in agriculture. For the past year or so he has been farming near Pleasant Plains. He is a young man of much worth and good business sense.

The young couple will have the best wishes of a host of friends for a happy, prosperous married life.

Attend the Liberty church chicken fry, Liberty school house tonight.

MR. WEIR TO ASSUME SPRINGFIELD POST SOON

Chairman of Exemption Board Will Be Here Stated Days Each Week—Press of Work Forces Resignation As Head of Civic Societies.

Mr. Miller Weir today tendered to the directors of the Social Service League, and also to the directors of the Soldiers' Aid Society, his resignation as chairman of these two organizations. He will, in a few days, take up his work in the auditor's office as consulting state bank examiner. Owing to this new work Mr. Weir will spend a large part of his time in Springfield, and will not be able to give any attention to these two organizations.

The Soldiers' Aid Society has settled up all its affairs and has practically performed its mission. The Social Service League is now about to enter into a campaign to organize for the fall and winter work, and is in a well organized condition to take up the responsibilities that may come to it. Mr. Weir's work as chairman of the local exemption board has now reached such a successful stage that he will be able to take up the work in Springfield, devoting a few days each week to the work of the exemption board.

WILL UNDERGO OPERATION.

Mrs. M. L. Bell of White Hall is at Our Saviors hospital where she will undergo an operation this morning. Mrs. Bell has been suffering from a cancer on the hand and face for some time and after consultation with Dr. Norris it was decided to amputate the hand which will be done this morning. Mrs. Bell was accompanied here by her son George Bell.

RECEIVES NEWS OF UNCLE'S DEATH.

Yesterday Mrs. Hester M. Capps received a telegram telling of the death of her uncle, Capt. James Baumgardner at his home in Staunton, Va. Death came after a brief illness. Capt. Baumgardner was a southern gentleman of the old school and was much beloved in his home city. He was the uncle of Mrs. Warren Capps, Mrs. Hester Capps and Mrs. R. C. Reynolds of this city.

GIRLS! MAKE A BEAUTY LOTION WITH LEMONS

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as sallowness, freckles, and tan, and is the ideal skin softener, smoothener and beautifier.

Just try it. Get three ounces of orchard white at any pharmacy and two lemons from the grocery and make up a quart of this lotion. It is wonderful to smoothen rough, red hands.—Adv.

U. S. PLANS GOOD CARE FOR SOLDIERS

Government Will See to It That Families of Men at Front Are Not In Want.

Writing in the Chicago Tribune, Henry M. Hyde Sunday Presented the second of a series of articles on what the government is going to do for its soldiers and their families. The private in the United States army—be he regular, guardsman, or member of the national forces—will be the highest paid soldier in the world. But that is only the beginning of what the government will do for him and his dependent family and relatives.

The government does not intend that the family of any volunteer or selected man shall suffer from his absence or, after his return, if he is to any degree incapacitated by his service, from earning their living.

The government bill, expected to pass congress this week, makes provision for the family of every man who is called to the colors. Here is the way it will work:

Need Not Send All Home.
An ordinary private, serving in France, leaves behind him a wife and two children under 18 years old. His pay is \$33 a month. Out of this sum the government will require that he set aside at least \$15 a month towards the support of his family. That will leave him \$18 a month for spending money, which is more than twice as much as the total monthly pay of the private soldier in any European army.

To the \$15 from the husband's pay, the government will add \$32.50 a month. During the period of the man's service abroad, therefore, the least income his family will receive is \$47.50 a month. If there is a third child the government will allow \$5 a month more, making a total of \$52.50.

Provision for Mother.
Suppose, further, that the soldier has in addition to a wife and three children, a mother who is dependent on him for support. In that case, by setting aside \$20 a month from his pay—still leaving him \$13 a month for spending money—the soldier can be assured that his family will receive a total of \$67.50 a month.

Suppose, now, that the soldier is totally disabled by wounds or disease. If he is a private and married he will receive \$40 a month and his support, with an extra allowance of \$20 a month for nurse hire, if attendance is needed. If he is disabled and has a wife, two children, and a mother dependent on him for support, he will receive \$105 a month from the government. This income will continue during the life of the adults and until the children reach the age of 18.

Pensions.
If the man dies as the result of wounds or disease acquired in the service his family would continue to receive \$60 a month. On the death of the mother it would be decreased to \$50. If the widow remarried it would drop to \$25 and would terminate when the youngest child reaches 18 years.

As a measure of further protection, the government will issue at the option of the soldier insurance on his life up to the sum of \$5,000. The cost of this insurance will be at the rate of \$8 a thousand per year. That is for a total payment of \$40 the government will insure the life of a soldier for \$5,000.

After the war this insurance may be continued on the same basis and rate of annual premium. It must be applied for within 120 days after the bill passes congress or the soldier is called to active service. For soldiers who are totally disabled or who are killed before they have applied for insurance and during the period of 120 days after muster, it is assumed that the insurance has been applied for and the claim will be paid.

To Teach Trades to Disabled.
In order to instill thrift in the armies, to enable a man to build up a fund out of which he can pay his insurance premium and also to preserve democracy and equality among the soldiers of the United States, and between them and the troops of the other allies, the government will require soldier who do not allot one-half of their pay for the support of dependent, to deposit so much of the self pay as is not allotted, to their own credit. Interest at the rate of 4 per cent, compounded semi-annually, will be paid on these deposits.

Further the government is making elaborate arrangements for the re-education and training of soldiers who may be so injured at the front that they are not able, after the war, to resume their old occupations. They will be taught trades and occupations for which they are still competent, and any earnings which they may make will not affect the disability allowances they may draw from the government.

LEND YOUR FLAG
If you have a U. S. flag which you will lend as a part of the decorations for the soldiers' banquet tomorrow, please send it to the Y. M. C. A. before 2 p. m. today. The flag will be properly cared for.

Woman's Committee.

W. C. T. U. MEETING.
The Jacksonville W. C. T. U. will meet at the home of Mrs. Mary J. Blunt, 507 South Prairie street today at 2:30 p. m.

All members are most cordially invited to join the parade Wednesday in honor of the soldiers with the Jacksonville W. C. T. U. following the Relief Corps.

Mr. and Mrs. Jack Brown and little daughter Shirley Jane of Cincinnati, O., who have been visiting in the city for the past four days returned to their home Monday evening.

PYTHIANS CONSIDER CHANGING LOCATION

Hold Meeting Monday Afternoon To Consider Moving Site of Lodge Rooms.

Jacksonville and Favorite lodges, Knights of Pythias, held a joint meeting at the Pythian hall, Monday afternoon, for the purpose of considering a change of location for the lodge rooms. It was the object of the meeting, merely to find out what the feeling of the individuals were. After some discussion, the members in attendance went in a body to view the proposed new location on South Main street, the building for many years occupied by the Broadwell implement house and is owned by Mrs. Thomas Worthington.

Nothing definite will be done in regard to the matter for some time. The lease at the present location on the north side of the square does not expire until January 15, 1918, and the lodge then has the privilege of renewing this for five years longer. It is understood that more floor space is desired than is afforded at the present site.

Misses Clara Magill and Minnie Woolam of the millinery department of the Herman store have returned from ten days spent in the markets.

LA SALLE COMPANY PLEASES.

The LaSalle Musical comedy company opened a week's engagement at the Grand with a matinee and night performance Labor Day. Large audiences witnessed a splendid performance of "The Time, The Place and The Girl." The company is headed by Guy Voyer, who has won much favor here as a comedian in other appearances. He is supported by a good company, the chorus being especially clever. The company continues thruout the week with matinee and night performances, with a change of bill each day. The offering today is a dramatization of O. Henry's famous stories, "It's Up To You John Henry."

The Lewis Rexroat land sale will be Saturday, Sept. 8th.

Y. M. C. A. BOARD MEETING.

The regular monthly meeting of the board of directors of the Y. M. C. A. will be held at the association building this afternoon at 4:30 o'clock. At this meeting of the board a discussion of the fall and winter activities will be discussed.

Mr. and Mrs. William Hodgson of Rock Island are in the city, guests at the home of John Hodgson on West North street. They will spend about two weeks with relatives in Jacksonville and vicinity, before returning to their home.

MURRAYVILLE'S ENLISTED MEN WERE HONORED

Fine Program Carried Out For New Soldiers—Address By Carl E. Robinson.

A large number gathered in Murrayville M. E. church Monday evening to attend the demonstration in honor of the young men of the community who have been drafted for service in the new National army.

It was the intention to hold the celebration in the public park, but inclement weather compelled a cancellation and the exercises were held in the basement of the church.

The young men, ten in number, marched into the church in a body led by John Boruff, a veteran of the civil war. The main address of the evening was delivered by State's Attorney Carl E. Robinson. Mr. Robinson was at his best, and his address teemed with patriotism. The program follows:

Song, American—Audience.
Invocation—Rev. W. H. McGhee.
Introductory—J. H. Dial.
Piano Duet—Misses Lucille Short and Hilda Osborne.
Address—Carl E. Robinson.
Vocal Solo—Asleep 'Neath the Dark Blue Waves—Clarence Cunningham.

Reading, The American Flag—Mrs. Lucille Seymour.
Song, America Here's My Boy—Mixed chorus.

Reading, Your Boy and My Boy—Mrs. C. R. Short.
Song, Star Spangled Banner—Mrs. E. T. Doyle.

Reading, Your Flag and My Flag—Miss Mildred Wright.
Following the program refreshments were served.

This Is the Sealy

The important point about a Mattress is what goes in it. If Pure long-fibre, air-woven Cotton is used, it's a good Mattress—a Sealy.

The SEALY SANITARY TUFTLESS MATTRESS

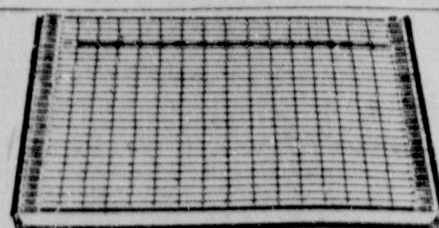

You Sleep Soundly on a Sealy—ask any alarm clock.

LUXURIOUSLY COMFORTABLE, ECONOMICAL

Made of pure, selected long-fibre cotton by our patented air-woven process, the Sealy is as soft as a cloud. The smooth tuftless feature so essential to perfect comfort conforms to the sleeping figure, allowing delightful relaxation, and absorbing instead of radiating heat. The long-fibre, air-woven cotton cannot harden or become matted; it never rolls into lumps or hummocks, and it retains its restful, buoyant properties permanently. Because they are not tufted, Sealy Mattresses have no dust-gathering cavities and no stitch-holes to let dirt through to the clean, springy, air-woven cotton. Sealy Tuftless Mattresses are sanitary. You buy a Sealy Mattress and there the cost ends. Every Sealy identically the same. Different prices on different ticks. No upkeep in annual remaking—we guarantee that it keeps in perfect condition for twenty years. Read the guarantee. The Sealy Pillow, also made by the Sealy Process, is a sweet, clean, odorless head rest.

"Sleeping on a SEALY like sleeping on a cloud."

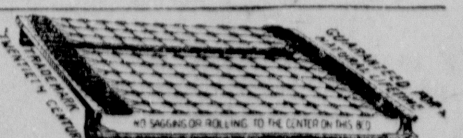

This slogan and the trade mark stand for the best in mattress values. For thirty-five years we have been making the SEALY MATTRESS exactly as it is today.

Catarrhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflammation of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

CAPT. SWALES WROTE WAR LETTER IN 1861

Now Famous Veteran Was Young Then—Gave Interesting Pen Picture of Army Life.

Capt. J. M. Swales has in his possession a letter he wrote at the beginning of the civil war and from it some extracts are made.

Camp Defiance, Cairo, Ill. Saturday night, about 9:30 o'clock, Aug. 30, 1861.

David Crockett Swales, Esq.: I take the pleasure of informing you that I am well at the present time but am not entirely rid of my cold. I hope this epistle may find you and the rest of the family well. Don't give yourselves any trouble about me for if there is one in the camp that can take care of himself it's me and if I get sick I have plenty of friends here that would go their last button for me.

I get a little homesick almost every day but it soon wears away. If I could get a letter once a day I would be all right. It is true that I have got three since I have been here, all at the same time from you and William and Mary. I ought to have a full full by this time. I have written about 25 when this is finished. I expect you and Sub are together about this time talking about me and if you are I almost imagine that I hear you. Perhaps you may think that you all will forget me and not write to me but if you do I will never come home. It may be that I shall fall in battle and never see you anyway but that is the last of my thoughts. I expect some day to return so changed you will not know me. There is not much to write about as everything has been so dry the past week, only now and then flying rumors of fights in Missouri with nothing to confirm the stories.

Col. Morgan drilled us a little while this evening in battalion. To see him walking about you would take him to be a high private and nothing more. He is very pleasant in his conversation and manner and is a man who will pay attention to his men, and says if there is any officer in his regiment that does not do his duty and the majority of the soldiers are opposed to him he will have him discharged without delay.

Soldiers Weary from March. I suppose you are aware that Long Jim Dunlap is our Lieut. Colonel in place of that stylish Adams. Jim is climbing up hill fast. There has been quite a stir for the last day or two; soldiers have been coming and going like bees in a hive. There is a regiment encamped just above Camp Defiance about a mile. I was up there today looking around to see if I knew any of them. Captain Bozarth was there and the only one I knew. The poor devils look weary and fatigued as if they had been on a long march.

Sunday, Aug. 31. It is beautiful as ever. The sun is shining beautifully. I still find myself alone to write sitting on my old bunk No. 6 with a board across my knees. It is a peculiar position. I am wondering if anybody is thinking about me. I imagine that I see you going across to ring the bell. After you get thru I want you to go back and write to me about two foolscap sheets full and tell me about everything that is going on at home and how Bub gets along and Tom also. It seems as tho they never were going to write to me. Tell me how Sin took my leaving and what she said about that picture and if she needs anything done to it. Tell her not to take my departure too hard; she can't hate it any harder than I do. I can't sleep until about eleven at night for thinking about the folks at home and other things. Ask Bub if he intends to enlist but don't tell him I told you to. Tell him not to do so unless

he comes down here and don't you take a notion to for if you do I won't have anybody to write to. Tell me whether you think Tom is going to enlist or not. The yellow flag is flying at half mast this morning. Some poor fellow has gone to his long home. This makes the second death at the hospital. A Dutchman died from the effects of a fight. He was overcome by a company of sauerkrauts who brutally killed him.

Sick Ones Well Cared for. The hospital is full at present. There are three in the place; one a brigade hospital which has a yellow flag and the rest have white flags. The sick soldiers are well cared for by the nurses and doctors. The physicians are well skilled in their profession and know just how to treat the sick. We were all examined the other day. One of the Merced boys was slightly ruptured but he got in by the interposition of some of the boys. We are all sound as need be with the exception of one man.

Bird's Point is situated about a mile and half due south of us. It has command of both rivers and is strongly fortified with intrenchments thrown up all around it and it is being reinforced every day. A big boat load came down the Mississippi today. The old 64 pounder asked her what she was with a report louder than the sevenfold thunder. The first fire is a signal and the second sends an iron ball about 100 yards in front of the boat and the third, if she don't whistle goes immediately in her side astern and knocks her out. There is a guard of about 11,000 and about 6,000 here.

In your letter you asked me about a book; you are welcome to it for I have no use for it. I wish you would send me some paper occasionally. Send me a copy of Trever's dispatch if he has published it and if not, send it anyhow. I have nothing at all to read but the account of the Bull Run battle and that is played out. A fellow comes around once a day with a few novels and song books and he asks about two prices for them, and I am about strangled. The first payment will be the 22nd of October and that is a good while yet. I have to furnish this mess with paper, ink and stamps and write letters for them. Sometimes I have lots of friends but as soon as my money is gone they will fall off and if they do I will blow them out.

I have just received two letters from Tom and from Lucinda. Wm. McEvers sends his respects to you. George Dunavan is huge on the goose. Write soon. Our company is the first in the regiment, company A in place of G, so don't forget it. 10th Regt. Ill. Vols.

Truly yours,
James M. Swales.

WOMAN'S COLLEGE NOTES. Registration days are Sept. 17 and 18. First chapel exercises will be held on Wednesday morning at 9 o'clock. The college offices are open daily from 8 till 5 for anyone interested in the various departments or courses of study. Mr. Stearns will be glad to consult with those looking for the best in music.

Prospects are good this year at I. W. C. for several reasons: The splendid new gymnasium with its beautiful swimming pool, Red Cross courses to be offered for which college credit will be allowed and the various departments greatly strengthened. The young women of Jacksonville have unusual opportunities presented to them this year.

Miss Jacoby, the new physical director, has been busy all summer doing graduate work in Harvard University. She has also visited the gymnasiums of the leading colleges for women of the east studying the best features of each. Miss Jacoby has a winsome personality and has been most successful in her work. Miss Veriel Black who will assist Miss Jacoby in the swimming classes has had an unusual amount of experience in this line of work both in summer camps and in Y. W. C. A. classes.

Many students are arranging their work so that they may take up definite instruction in swimming. Classes for town pupils will be formed. No additional charges other than the regular fees are to be made for these new features to any student who is regularly enrolled.

Miss Nellie A. Knopf, director of the school of fine arts, has returned to Chicago for a few days after a summer of work at Ogunquit, on the Maine coast. Several of Miss Knopf's pictures have been hung in an exhibition which is being held in St. Louis.

Mr. and Mrs. H. B. Samuell of Roundup, Montana, are in the city visiting their son, Paul Samuell, the well known young attorney of the place. Mr. and Mrs. Samuell have been away from Jacksonville seven years and find some changes made. They made many friends while Mr. Samuell was connected with the State School for the Deaf.

GRANDMOTHER'S BOTANIC MEDICINE

In every pioneer home the botanic recipes of our grandmothers for the treatment of disease were wonderfully dependable. Every fall she gathered her various herbs; thoroughwort, camomile, sage, pennyroyal, wormwood, rue, etc. It is interesting to note that Lydia E. Pinkham's Vegetable Compound, the most successful remedy for female ills we have, was originally prepared for home use from one of these botanic recipes, and the demand for this famous medicine has grown until over 350,000 pounds of roots and herbs are used annually in its preparation. It will well repay any woman who suffers from female ills to give this famous medicine a trial. Adv.

TRI-STATE MEDICAL SOCIETY CONVENES

Physicians and Surgeons of Wisconsin, Illinois and Iowa Meet at Dubuque, Iowa—War Tinge in Program.

Dubuque, Ia., Sept. 3.—A three days convention of physicians and surgeons will open here tomorrow when the Tri-State District Medical Society assembles. The organization is a union of county medical societies in Wisconsin, Illinois and Iowa and calls the assemblage its "annual scientific and clinical meeting." It has an honorary advisory board made up of the presidents, secretaries and editors of the state medical societies in the three commonwealths and an active board of state society councilors and county society presidents and secretaries.

William B. Peck and N. C. Phillips, both of Freeport, Ill., are president and secretary of the Tri-State organization, the three vice presidents being William E. Park, Rockford, Ill.; A. C. Helm, Beloit, Wis., and C. A. McGuire, Dubuque, Ia.

Morning, afternoon and evening sessions are provided for tomorrow, the program starting with clinics at hospitals at 7 a. m. and continuing until well into the evening. The Wednesday and Thursday programs also start with early morning clinics but the evenings are given over to entertainment, a luncheon and boat ride being provided for Wednesday and the annual banquet of the society for Thursday.

A war tinge appears on the program in the following note to members:

"While it is barely possible that the government may demand the services of some of our distinguished guests, at the time they accepted, all assured us that they fully expected to fill their places on the program."

SCHOOLS MUST MAINTAIN FULL EFFICIENCY

U. S. Commissioner of Education Asks Women of Country to Help in Work of Improving Standards of Work and Attendance of Children.

A special appeal to club women in the United States has been issued by the United States Commissioner of Education, Dr. P. P. Claxton, urging that the influence of the organizations they represent be given to the maintenance of the schools of the Nation in their full efficiency during the present crisis. Dr. Claxton says:

"Everywhere there seems to be fear lest our schools of all kinds and grades, and especially the public schools, will suffer this year because of conditions growing out of our entrance into the war. On the other hand, both for the present defense and for the future welfare of the country, as well as for the individual benefit of the children, it is of the greatest importance that the schools shall be maintained in their full efficiency, both as to standards of work and attendance of children."

"While the war continues there will be many unusual temptations to many kinds of juvenile delinquencies. Prompt and regular attendance at school and proper employment during out-of-school hours will be the children's surest protection against such temptations."

"When the boys and girls now of school age have reached manhood and womanhood there will be need for a higher standard of intelligence, skill, and wisdom for the work of life and for the duties and responsibilities of citizenship than we have ever yet attained. Our schools must now be so sustained and improved as to enable them better to prepare our boys and girls for life and work in the new age which will follow the close of the war and the coming of peace. No boys and girls must now be neglected or exploited for selfish ends."

"In all this probably no others can be quite so helpful as the club women of this country, most of whom are also mothers of children. For this reason I am taking the liberty of suggesting to them that in all women's clubs this should be made a subject of discussion at their first meetings this fall and from time to time throughout the year."

WAR REVENUE BILL NOW BEFORE CONGRESS

Tax on Tobacco and Snuff Will be Computed on Stock on Hand on Day the Bill Passes—Severe Penalties for Failure to Observe Law.

"All grocery and drug stores, hotels, cigar stores, etc., having over 500 cigars, 1,000 cigarettes, or 100 pounds of chewing and smoking tobacco and snuff, will be taxed by the War Revenue Bill now before Congress," says Collector of Internal Revenue J. L. Pickering, of Springfield.

The tax will be computed on the stock on hand in excess of above figures on the day the bill passes. Every dealer must make an inventory of his stock on that day. Dealers will be advised by the newspapers the day the bill passes. The inventory must be retained by the dealer. Shortly after the bill passes an official form will be sent to every dealer which he will copy the inventory and forward to the Collector.

Cigar and tobacco dealers who have not received information from Collector Pickering, should write to him at once. "Ignorance of law excuses no man." On the same day inventories are also required from persons having on hand and for sale distilled spirits, beer and wines. Retail dealers have an exemption of 50 gallons of distilled spirits.

The act will prescribe severe penalties for failure to take this inventory, and pay the tax, according to the regulations which will be promulgated.

Herbert Neef of Springfield was a business visitor in the city Monday.

MAJOR GENERAL BARNETT REPORTS FOR PAST MONTH

Lads Undergoing Intensive Training at Marine Corps Recruit Depot Realize the Seriousness of Their Duty.

Port Royal S. C., Sept. 3.—A thousand raw recruits undergoing intensive training at the U. S. Marine Corps recruit depot at Port Royal, S. C., went through the month of August with a perfect conduct record. There was not one single offender against the regulations, a report to headquarters states.

"The lads realize that each has a man's duty to perform," said Major General George Barnett, commanding the "Soldiers of the Navy," and they go about their work grimly. I am proud of them—every one."

Frank Huntley has returned from an extended trip to Cincinnati and several other places.

scored on the hit. A base on balls
and Schalk's triple clinched the game
in the eighth.The visitors took the lead on the
locals in the second game by bunt-
ing hits behind bases on balls in the
second and third inning, but Mur-
phy's single with men on second and
third enabled Chicago to tie the
count. Schalk's home run which
came in the next inning with two
men on the bases put Chicago in the
lead and they never were headed
thereafter, altho Detroit added a run
to their total in the eighth by bunt-
ing hits.The locals bunched hits in the
sixth and seventh inning and with
the aid of an error scored four more
runs thereby putting the game out
of reach of Jennings' men. The

 Double Header and Wins for
 Phillies.St. Louis, Mo., Sept. 3.—Chicago
 and St. Louis each took a game of
 today's double header. Chicago won
 the first 6 to 5 and St. Louis won
 the second 2 to 0. In the first game
 Chicago drove Doak from the mound
 in the seventh inning scoring three
 runs on a base on balls, singles by
 Kilduff and Wolter and a double by
 Doyle. Watson replaced Doak. In
 the next inning the visitors sent over
 two runs. Westman scoring the sixth
 and winning run.Goodwin shutout Chicago in the
 second game, not a visitor getting
 beyond second base. Smith hit a
 home run in the sixth, scoring the
 first run for the locals. A foul tip
 split Elliott's thumb in the first
 game and he was forced to retire.

Philadelphia, 5-9; Brooklyn, 0-3

Brooklyn, Sept. 3.—Grover Alex-
 ander performed the iron-man feat
 by pitching both games of today's
 double header and winning them 5
 to 0 and 9 to 2. He held the Brook-
 lyne to four scattered hits in the first
 contest which was played in the
 season's record time at Ebbets field
 of 77 minutes. He was hit freely
 in the second game but the hard and
 consistent hitting of the Phillies,
 which also featured the opening en-
 counter, kept him safe. He gave
 only one base on balls in the two
 games. Whitted made five hits in-
 cluding a triple and a double, in
 eight times at bat. Tomorrow's game
 will be marked by a drill of the
 Brooklyn men drafted, led by Smith,
 Cadore and Miljus, the Dodgers re-
 cently accepted. Bird S. Coler will
 throw out the first ball.

AUSTRALIA CONFRONTS DIFFICULT POSITION

German Submarine Campaign Seriously Affects Country's Shipping—Shipbuilding Program Discussed by Prime Minister

Melbourne, Australia, Aug. (Correspondence of The Associated Press).—Not a bushel of wheat was shipped from Australia to Great Britain during the month of June, although the British government had arranged to take 20,000 bushels a month, said Premier William H. Hughes in Parliament the other day. Mr. Hughes was discussing the effect of the German submarine campaign and Australian shipbuilding measures to combat it.

"This submarine campaign has other effects besides sending ships to the bottom. It has a deterrent effect in preventing neutral shipping from entering our ports. If I do not know the effect upon this country it will more than anything else make the people of Australia understand what war means. Under the agreement made with the British government some time ago it was provided that it should lift 20,000 tons of wheat a month. During the month of June not one bushel of wheat was shipped from this country to Great Britain. I feel sure that I were to speak for 20 years nothing that I could say would conjure up a picture more serious than that. Some of the channels for the disposal of Australian produce are wholly closed. It is a realization of this difficult position which has caused us to back the question of shipbuilding in a deadly earnest."

Mr. Hughes declared that if it had not been for the recent purchase by Great Britain of the Australian wool clip of the coming season the financial condition of the Commonwealth would have worsened upon the impossible.

In a subsequent statement relative to Australia's shipbuilding programme, Mr. Hughes said:

"The Government has decided after most careful consideration that these ships shall be built to a standardized design which will apply to all parts including engines, and designs are being prepared under the supervision of Mr. King-Salter, head of the naval dockyard at Cockatoo Island, Sydney, for this purpose. I have also had an interview with the general manager of the Broken Hill Steel Works and all preliminary arrangements for the supply of the material for framework, which his company can supply are now in hand."

C. R. Bradshaw and mother, Mrs. Ella Bradshaw of Galesburg, were visitors in the city yesterday.

ART OF A WOMAN.

Really More Subtle Than the Art of a Mere Artist.

Technic is the very life and soul of engraving. To the engraver nothing is truer than Francois Millet's saying that "art is a calculation."

Take the calculation involved in the art of making a lady's dress, a thing of beauty, though but a fleeting joy, as all joys are. The value of contrasted textures is here well displayed. The modiste has a host of materials from which to choose; but, knowing the value of restraint, she is wisely sparing and judicious in their use.

Say it is a creamy white robe. The mellow glow of satin or silk upon a setting of soft merino or serge enhances by their opposition the qualities of each. A necklace of pearls in juxtaposition with cloudy tulle or delicate lace gleams with a distinguished radiance, while the shadows beneath the brows and nose, softened by the reflection from the light material, are much less pronounced than they otherwise would be, and the eyes, catching up the light, sparkle with a greater brilliancy. If there are any wrinkles in the face they disappear, or, if not, they are greatly modified, and the face assumes a fairer and more youthful aspect.

I have seen a narrow strip of black velvet ribbon encircling the neck of one whose face would, without this startling device, have shown deep lines, as in ladies of character and experience. But by this artful contrivance the wrinkles vanish. How is it possible to discover the wrinkles when this far deeper wrinkle holds the eye?

Millet counsels the artist to hide his art behind his canvas. So the engraver hides his behind his block. But the feminine arts are past finding out; no one knows where they are hidden.—Timothy Cole in Century.

CUSTARD PIE COMEDY.

Its Vogue in the Movies Due to Our Primitive Sense of Humor.

After the comic "pursuit" picture movie directors were at their wits' end until the most famous impresario of knockabout fun invented the motif of the custard pie. A custard pie bombardment has two very strong elements of humor concealed in its action. One is surprise, and the other is messiness. There are lots of nice people who think it is vulgar and outrageous to laugh at such elemental humor, yet there is something fundamentally funny in seeing a body's face projected through the soft goo of a custard pie.

If you do not believe this try it some day on your neighbor when he pushes his head over the fence to say good morning or to borrow the lawn mower. Hit him full on, butter side out, with a custard pie and see whether the result is not funny or tragic. A hair of the tent divides the two. If you make this experiment you will learn that only a complete bullseye is funny. If the pie should hit on the edge or only partially break, the joke is held in suspense and spoiled, but if you "moon him" I assure you the neighbors for miles round will all laugh. My, the number of custard pies that we have wasted while one of the comedians perfected his technique and aim! A good custard pie thrower is invaluable in the comics. It is queer that the pie

SUCCESSFUL YEAR ENDS AT CENTENARY

Officers Unite in Asking Return of Rev. E. L. Pletcher—Pastor's Work Has Been Acceptable.

Sunday marked the close of the conference year of the M. E. church and a large congregation gathered at Centenary church for the evening service.

Thru an oversight no official request has been made to the conference, which meets this week, for the return of the pastor, Rev. E. L. Pletcher. At the close of the service attention was called to the matter and the congregation by a unanimous vote asked for his return.

Immediately following the meeting the officials of the church held a meeting. The question of Mr. Pletcher's return was taken up and a resolution was passed asking for his return which was signed by every officer of the church.

During the year just passed Mr. Pletcher has filled the ministry of Centenary with great acceptability. A leading member of the church said yesterday that he believed Mr. Pletcher was one of the most popular ministers that Centenary has ever had.

The church year has been a most successful one under Mr. Pletcher's ministry. In the year just closed \$2,000 has been raised for benevolences, the annual budget is practically completed and \$3,500 has been paid on the old indebtedness. There has also been a goodly number of accessions to the church. All in all the year has been most prosperous for Centenary and the congregation are praying for the return of Mr. Pletcher to this charge.

SELF-MADE MAN IN BRITISH WAR CABINET

Former Minister of Pensions Accepts Permanent Place in British War Cabinet—One of Ablest Leaders of Labor Party.

London, Sept. 3.—George Barnes' acceptance of the Prime Minister's invitation to accept a permanent place in the British War Cabinet constitutes another "leg-up" for the cause of organized labor in Great Britain. As is already known, Mr. Barnes, who has been Minister of Pensions, occupied Mr. Henderson's position in the War Cabinet during the latter's absence in Russia.

What Mr. Barnes does not know about the vast army of British workers is not worth knowing. Quite a self-made man, he entered parliament ten years ago. He began life as a jute factory hand. While still in his teens he entered the ranks of engineers, came to London, and after his work in the daytime studied hard at night classes. Step by step he rose, and eventually became secretary of the Amalgamated Society of Engineers—the "blue ribbon" of the trade union world. He did much to promote the prosperity and maintain the traditions of this powerful organization. Of an extremely retiring disposition, Mr. Barnes is regarded as the most taciturn politician at St. Stephen's, but those who know him recognize him as one of the ablest leaders of the Labor party.

LETTER CARRIERS IN SESSION.

Dallas, Texas, Sept. 3.—For the past twenty four hours there has been an almost continuous line of letter carriers arriving in this city. They came from all parts of the country to take part in the big Labor day parade today and the twenty-first annual convention of the National Association of Letter Carriers, which will begin its business sessions tomorrow. The convention sessions will continue thru the week and will be devoted to the transaction of such routine business relating to the affairs of the organization and the consideration of a number of questions of importance to the carriers. Affiliation with the American Federation of Labor, a salary increase to meet the high cost of living, and reforms in working conditions are among the subjects slated to receive attention.

TENNESSEE TO TEACH COAL ECONOMY.

Nashville, Tenn., Sept. 3.—The Tennessee Manufacturers' Association, in conjunction with the University of Tennessee and the United States Bureau of Mines, has arranged a tour of the State beginning at Johnson City today to instruct the steam coal users of Tennessee to reduce the quantity of coal and at the same time increase their power efficiency. It is estimated that the manufacturers in Tennessee use 750,000 tons of coal annually, and it is believed that the consumption can be reduced from 15 to 20 per cent.

WEST VIRGINIA STATE FAIR.

Wheeling, W. Va., Sept. 3.—During this week Wheeling will be the Mecca for thousands who annually attend the West Virginia State Fair. This year there are many new features, startling vaudeville novelties, higher standards in all departments and exhibits. Increased crop production and food conservation are to be emphasized in several of the special exhibits and features arranged by the fair management. Present indications point to a large attendance of visitors during the week.

J. T. Dawson of this city is visiting at the home of his brother Robert F. Dawson at Springfield for several weeks.

FORMER RESIDENT OF COUNTY HERE FROM WEST

Mrs. Thomas Elsom of New London, Iowa, Visits Old Time Friends in Litterberry Neighborhood—Baptist Missionary Circle Met.

Litterberry, Ill., September 1.—Mrs. W. W. Young and son Landis went to Passavant hospital Thursday for a few days. Master Landis is receiving treatment for adenoids and enlarged tonsils.

Daniel Conway of "The Poplars" is on the sick list.

Mr. James Black of "Wildwood Home" is spending the week with his daughter, Mrs. J. A. Litter. Mrs. Ella Metcalf of Missouri is visiting at the same place.

Mrs. Tommy Elsom of New London, Iowa, who has been visiting her relatives, "The Kastrups" of 608 South Church street, Jacksonville, came out to Litterberry on Thursday and spent a couple of days with old friends. Friday morning we drove our Interstate to Grace Chapel neighborhood, taking Mrs. Elsom along, and called on some of her old friends. Our first stop was at Shady Oaks, the pretty home of Mr. and Mrs. C. P. Henderson. Mrs. Henderson was away visiting friends in Hancock county, and Mr. Henderson was in the field at work. The next stop was at the Arcadia school house where Mrs. Elsom claims to have received her education, and high school finish. She took a snapshot picture of this old school house. We called at "Gospel Hill" to see Mrs. Hannah Brainer, but the house was closed and we drove on to "Hill View" and took dinner with the Ogles. We were sorry not to meet Mr. Ogle, but he had gone to town on an all day trip. Mrs. Ogle and Lloyd entertained us while Alma and Edna prepared a swell dinner, fit for a king. After their splendid refreshments, we were treated to some music, good songs and piano selections. Paul and Ralph entertained us with some nice pictures from the kodak. Mrs. Ogle gave us the particulars of the Sunday school county convention at Concord on Tuesday and Wednesday last. When we started home Mrs. Ogle said "she was glad we came." We told her "we were glad too."

"Red Clover Farm" was our next stop, where we had a lively visit of 15 minutes with Mr. and Mrs. J. J. Goodpasture. We stopped at the Arcadia cemetery where Mrs. Elsom took some pictures of the graves of some dear ones, calling to mind so many friends she once mingled with, now sleeping in the Silent City.

We drove to "Greenwood" and had a happy little visit with Mr. and Mrs. Louis Maul and daughter, Mary Bell. Our last call for the day was at "Cozy Cottage," Litterberry, where we spent a pleasant half hour with Mr. and Mrs. Jackson Henderson. Mrs. Elsom will return to Iowa some time this week.

Mr. and Mrs. M. O. Petefish and Jimmie Petefish, all of "Golden Green" spent Friday evening at Sunshine Cottage.

The Baptist Missionary Circle met on Friday afternoon at the church, where the usual program was carried out. A call meeting of the Circle is given out for Thursday afternoon, the 13th, to be held with Mrs. J. A. Litter at Orchard Place, which meeting will complete our "First Year of Mission Study." Refreshments were served and an offering of \$2.80 was taken.

F. C. Nickel of Concord was on our streets Friday, driving a new Oakland car.

B. F. Walker has gone to Savage Station, to visit Mr. and Mrs. Ernest Servoss.

Miss Elizabeth Whittier has returned from a visit of several weeks in North Dakota. She is now visiting at her home in Nilwood.

6 YEARS' SEARCH FINALLY REWARDED

Local Resident At Last Has Gained Long Needed Aid In Tanlac

Miss Harriett Doere, well known young woman of Franklin, Ill., near here, believes all her friends should know about Tanlac, the celebrated new medicine. In view of this fact she made the following statement on May 10:

"I had tried many medicines and had even gone to the hospital in an attempt to gain relief from stomach trouble that had bothered me for six years. I couldn't retain food in my stomach at times and invariably after meals I'd feel bloated and generally distressed for several hours."

"I'm just now finishing my first bottle of Tanlac but already my troubles have been greatly relieved. My food agrees with me better now as I don't suffer so much distress after meals anymore. I intend to continue using Tanlac and I'm sure it will completely banish my trouble."

Tanlac is now being specially introduced and explained in Jacksonville at the East and West side stores of the Coover-Shreve Drug Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brownback's; in Versailles at A. G. Bates'; in Chapin at F. P. McKinney's; in Rodhouse at W. D. Berry's; in White Hall at the City Drug store; in Bluffs at F. T. Curtis'; in Pittsfield at J. H. Barber & Co.; in Loami at L. M. Van Deren's; in Diverson at E. G. Haug's; in Manchester at C. D. Chapman's; in Winchester at the City Drug Store.—Adv.

You Can Shake Loose from The Tortures of Rheumatism

By using S. S. S.

The germs of Rheumatism are in the blood, which is laden with millions of the minute demons of pain, causing untold suffering and bringing its victim from vigor and strength to almost helplessness. To get real and genuine relief from this disease, these disease germs must be completely routed out of the system through the blood.

S. S. S. has been used for fifty years with satisfactory results in the

treatment of Rheumatism. It acts directly upon the blood, which it promptly purifies of all disease germs. It is a powerful antidote, and eliminates from the blood all trace of rheumatic germs, building up and strengthening the run-down system.

Write to-day to our medical director, who will give you valuable advice regarding the proper treatment of your own case. Address Swift Specific Co., Dept. I Atlanta, Ga.

Do You Realize Value? Of Course You Do

There is a big satisfaction in owning a Plow, "Sulky or Gang," that you know is better than any other, one that has proven to be superior in every respect and that is what you have when you purchase "AN EMERSON."

First, the easiest handled; second, the lightest draft; third, the most durable.

The above facts we are very anxious to prove to you any time if you will visit our place of business. This plow with the improvement we will show you in plow construction makes it worth many dollars more to any user. The perfect work done more than pleases all who are in the least particular. The quick detachable share does away with the trouble we all dread of changing shares. You should buy now.
